Improving the Life Chances for All Students

Dear Parents, Staff and Students,

I have never been prouder to lead the City of Derby Academy. Although the world changed in March 2020 I am delighted to say that the school vision of 'improving the life chances for all students' is in abundance every single day. The whole term has flown by and I am proud of how safe the community has remained as well as the quality of learning that is taking place.

My Headteacher blog's are packed full of extra special achievements and announcements, demonstrating the ongoing commitment that the students are embedding into their learning. Nationally, attendance at school has dropped, but the attendance at CoDA is around the same level we had last year. This is phenomenal. Thank you to all families for your commitment to your child's learning.

In addition, thank you to all members of the community who have provided feedback to our recent surveys. I am humbled by the positivity of the feedback. I am also delighted that the community are recognising the lengths that all of the staff at CoDA are implementing to provide a safe, productive learning environment for your child, particularly in these difficult times.

This term has also provided many developments in how students can access work remotely at home. This is another thing that I am proud of. This is particularly important for children who cannot access learning in school.

Can I please remind parents that work is set every week and posted on our many platforms. Therefore, if you child wants to access any of the previous learning from this term it is always accessible. This could be for revision purposes. If there are any students who are struggling to access remote learning, please let us know and we will work together to find a solution.

I would like to thank you all for your ongoing support and the time you put in to supporting your child's education. As we enter our Christmas holiday and look forward to 2021, lets spare a thought for those who are less fortunate and hope that the work we do in school with our charity work brings comforts to others.

Finally, I would like to thank all of the staff in school whose dedication and commitment supports your children every day. In all of my years in education, this has been the most challenging and that is why this thank you is even more well deserved.

I hope that you all have a fabulous Christmas and New Year and I look forward to welcoming you back in January 2021 for another great year!

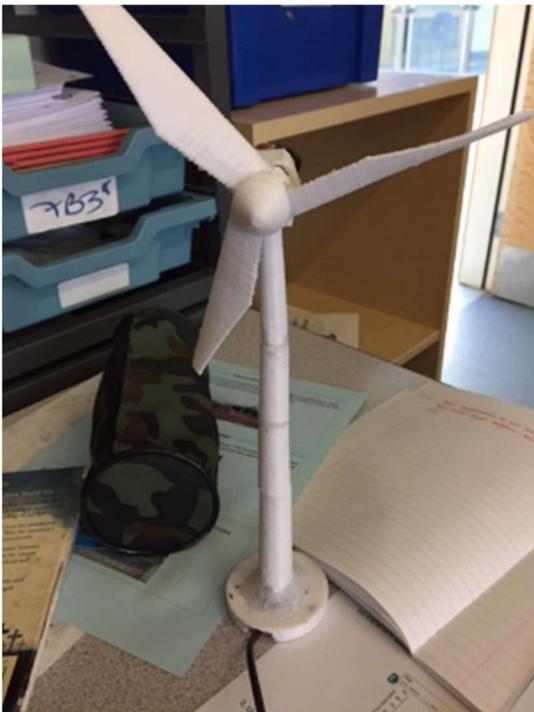

**Mr P Smith –
Proud Headteacher**

Mrs Redding Success

Mrs Redding wants to say a huge well done to the following students. Mrs Redding said 'They are much deserving of congratulations and praise for their amazing efforts and hard work. I have awarded the following students my 'Stars of the Week' which included a call to parents':

Y8 Jacob N: for the time and care taken in designing and building a fully operational (battery powered) wind turbine! (see photo!)

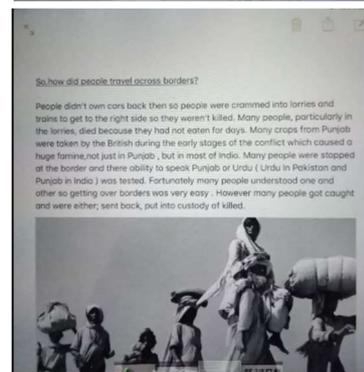

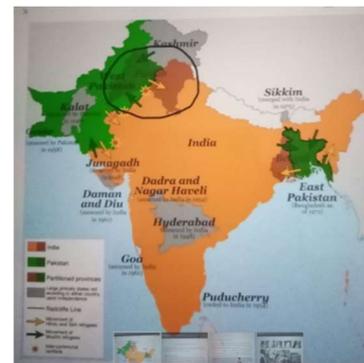

Y9 Georgian S: for his hard work and focus for learning across all subject areas, making him top star in 9LR!

Y11 Vinjeru M: for her excellent thinking skills, eagerness to share her wonderful ideas and for being fully engaged in making great progress.

Y11 Emma W: for her continued hard work and effort and for encouraging others in the class to further develop their geographical understanding.

History Success

Mr Beech wants to say well done to Jaya N. Mr Beech said 'I was sent this piece of work (that I had not asked to be done) over the half term. It is an incredible piece of work following on from a lesson this class had been taught about the partition of India after gaining its independence. Jaya has taken the information she has absorbed in class and created a fascinating and personal, by using some of her family members experiences, piece of work that myself and Mr Anderson are extremely proud of.'

Wellbeing Success

CoDA's approach to the wellbeing of the community is second to none. Staff have worked hard to train and embed peer supporters. Mr Lowe-Bird, has been working with the Mrs Tomblin and the peer supporters and they have managed to secure some additional funding to train even more peer supporters. Great news and well done! So proud!

Year 11 Success

Unfortunately, Year 11 have had to learn remotely recently. However, Mr Cholerton wants to say well done to the year group. He said 'There have been a lot of positives from the first few days including 115 students attending my assembly.'

Mr Cholerton also said 'I've been so impressed with Year 11 with how they've worked from home. The number of students taking part in teams lessons has been great. I have just taught 53 students in a practical PE lesson over teams and the pupils were really good.'

Well done everyone, keep up the great work.

EAL Success

Mrs Walker-Smith and Mrs Zahid want to say a huge well done to their students. Mrs Walker Smith said 'The year 7, 8 and 9 Focus groups have worked really hard this week on a Halloween Project. They studied the meaning why we go *Trick or Treating* and looked at the origins of the festival. We decorated Halloween masks and put them up in our classroom and they also made pumpkin lanterns, as you can see from the photos. They worked really hard and deserve a lot of praise. Well done everyone, we are very proud of you!

History Success

Mr Anderson wants to say well done to the following students. Mr Anderson said 'Summer K has created a beautiful and creative poem titled 'Poppy Poem'. Amber A in Y9 has produced a fantastic presentation covering the history and importance of Remembrance Day. Thank you Amber for your hard work'

Also 'A big thank you from History and 9A1 to Mr Field. A few weeks ago, Mr Field brought in the entire array of original equipment which a US soldier used on the beaches at Normandy during D-Day. This is especially appreciated during a time where we're not able to run any school trips.' The event was a huge success.

Remembrance Day

Not only did CoDA complete a two minute silence at 11 o'clock where 'the last post' was played across the school, CoDA also had a week of outstanding assemblies delivered by Mr Anderson who passionately educated and challenged the students understanding of Remembrance. There have also been poppy displays put up around the school. I would like to say thank you to Mr Anderson for leading such a wonderful week, and thank you to the students who have been fully engaged.

Mr Anderson said 'There have been some fantastic entries for the poppy display so far. Some great designs, but more importantly - some amazing stories. Thank you to everybody who took part in this. A special mention also goes to Mrs Zahid and Mrs Walker-Smith's pupils in language support for some excellent remembrance wreaths which are now also on display.'

Mrs Walker-Smith said 'Our year 7s explored the reasons why we make poppies on Remembrance Day. They worked together to make poppy wreaths and then wrote about the meaning of the wreath. They all worked extremely hard on this project. Our theme for the term is Celebrations and we have already covered Halloween, Remembrance Day and Diwali.'

On Friday the 13th CoDA celebrated Diwali. Staff were encouraged to come into school in traditional dress and our lesson changeover music was changed as well. Everyone had a great day.

Connect Success

Mrs Bottinelli wants to say a huge well done to a number of students in Connect. She said 'All the KS4 Connect young people had an Italian lesson as part of their Cultural Enrichment yesterday. The lesson was on "Benvenuti a Roma" (Welcome to Rome).

Firstly, they were able to predict in English the type of structures (e.g. my name is, this is, there is/are) and vocabulary (e.g. famous monuments, street, city, noisy) needed when introducing themselves and presenting their favourite sights in a city. Then, they applied comprehension strategies (e.g. making connections, use of cognates, drawing inferences) in a match up activity of English and Italian words, phrases and sentences. Finally, they watched a short video in Italian and were able to understand the language used. And they were also amazing at having a go at speaking in Italian reusing the structures and vocabulary just learnt. Sam P was a natural. It was a great success and I am so proud of each one of them! ' Well done everyone, we are so proud of you.

Extended Learning Success

Miss Davies wants to say a huge well done to the Year 9 Ignite group and also inform us of a new addition to the school. She said 'I'd like to share with you a few things that has happened this term. Firstly our IGNITE class did an amazing job at litter picking which will go towards their ASDAN qualification. Secondly, Mr Spikes the hedgehog was rescued by myself off our car park and has become a hit with some of the students. We'll be keeping in contact with the rescue centre and track his road back to recovery.' Well done to everyone.

Not only did Tyler qualify for the Kangaroo Maths Challenge, which is a phenomenal achievement itself, Tyler performed brilliantly. A mathematician in the making!

EAL Success

Mrs Walker Smith and Mrs Zahid want to say well done to the Year 7 EAL group. They said 'We have been working with our groups on a Christmas Project. They not only thoroughly enjoyed the project but were also fully engaged in discussions about what made Christmas special for them. They were absolute stars.' Well done all we are proud of you.

I was greatly impressed by their dedication to the task. Well done all, we are very proud of you!'

Year 8 Success

Miss Morley wants to recognise the excellence of Millen W in Year 8. Miss Morley said 'I received this email from Millen who is self-isolating with his class. It is wonderful as Millen struggled with English when he first joined us. Well done Millen, this is Christmassy and wonderful!'

Parker's Christmas Wish

Many years ago, there was a dog called Parker. One night just before Christmas, his owner went to the shop to look for something he would like. Parker wasn't allowed in so he had to wait outside. Parker saw a massive bone. Parker started barking. Tim (his owner) ran outside. He saw Parker was barking at the bone. Parker was scratching at the glass to try to get the bone. Tim told Parker to stop and Parker sat there nicely. Tim went back inside and looked at the price of the bone, £59.99!! Tim walked outside and started taking Parker back home. Parker was walking back very slowly and kept looking back to see if he could see the bone.

At Tim's house it was decorated beautifully in Christmas decorations. Parker saw a picture of Santa with lots of presents. He thought that if that man has lots of presents, then he might get me my bone in a present. Now I just need to find out where he lives.

REMOTE LEARNING FOR SELF ISOLATING STUDENTS

If your child is self-isolating but is well enough to complete school work then they need to access relevant learning.

This guide will provide you with links and information to access relevant learning so that your child does not fall behind. It is important that your child continues their learning so that they miss the minimum education. If your child does not engage in work during their self-isolation then they may be asked to participate in our 'Getting Ahead' time from 2:30-3:00pm on their return to school.

Where do I need to get my work from?

To access your remote learning you will need to login to Microsoft Teams. To access Teams you will need to go to <https://portal.office.com/> and login with your school details. There is a video guide on how to do use Teams on our website:

<http://www.cityofderbyacademy.org/remote-learning/>

In the past we have set work on classcharts. Your teachers will continue to put work on classcharts as well. If you want to access additional online learning, or if you are an individual who is self-isolating, then you can log in to EdClass and select online lessons. There is a guide on how to do this on our website.

How do I know what my child should be learning?

The teaching plans for all year groups are available on our website at <http://www.cityofderbyacademy.org/remote-learning/>. Here you can find out what topics they would have been working on in school. You can then use these to select the most appropriate topics in all the subjects that they study. We recommend spending time reviewing topics that have been studied previously.

If you have any problems

Please contact the school if you have any problems with remote learning. Your child's Year Team are the best people to speak to. Your child's Year Team will also call you for updates, please see table below:

YEAR 7		YEAR 8		YEAR 9

If you have any problems with computer or internet access, then please let us know as we may be able to help you.

If you need more work in a particular subject area, then your child can email the subject teacher directly using their school email account.

You can also email ICTsupport@citofderbyacademy.org if you need help with any logging on issues.
